

## Terminals, Fuse Blocks and Test Switches

**Type No. 2507 Terminal Strip**

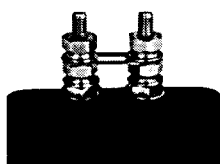

**Type No. 2508 Terminal Strip**

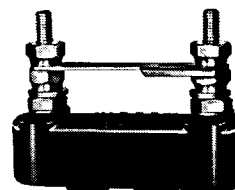

Type 2507 and 2508 terminal strips consist of Everdur Bronze binding posts molded into a bakelite base on 1" centers. Both are formed so it may be easily cut into sections. Mounting holes are on 1" centers. Binding posts protrude 1-3/8" above base. The first washer and nut are assembled to type 2507 strips. The remaining hardware is packaged separately.

Description	Part Number
Type 2507 terminal strip with nuts, washers and connectors	2507-106
Type 2507 terminal strip without hardware	2507-12
Type 2508 terminal strip with nuts and washers	2508-112
Type 2508 terminal strip without hardware	2508-69-100
